

“GUESSING GAME” - COLOR CARDS -

**Here’s a great way to have
fun and strengthen your
“Psyche Power”**

**This GREAT IDEA comes from:
DEDICANT a Witch’s Circle of Fire by Thuri Calafia**

**Though I have saved you the trouble of
making these cards yourself...it’s not hard to do.**

**It’s a group of 30 cards (2” x 3”)
in 6 different colors (that’s 5 cards per color)**

**Print these cards off on stiff card stock.
Make sure you can’t see through them...if you need to
glue them to another piece of cardstock before cut-
ting out or glue them to some stiff cardboard or poster
board. If you are making your own, Thuri suggests you
use a heavy Bristol board.**

For 1 - 2 Players (per set) & FOR ANY AGE!

To Play:

**Mix them up and Turn them all face down
now try “guessing” what color
is on the other side.**

**Place your answers into two piles
one pile - that you guessed right
and one pile that wasn’t right.**

**Go until all the cards have been turned over.
How did you do?**

**Mix them up and start again.
Now how did you do? record your progress.**
